

Muslim Ummah (by Sobiya Mujtaba of Class 0-10)

We Muslims have lost our past glory,
and have lost ourselves in the desert of carelessness.
we were once powerful,
and the whole world's cart we used to pull.
but now once again sleeping in slumber.
once we used to be the highest of the highest number.
unity is the power we need,
the to pay no heed,
to the non Muslim powers,
and once again make a strong base for the towers,
which once supported the grand forts or palaces,
which an eye couldn't take in even at many glances.
we were firm in faith,
we were true to our religion.
we have forgotten the right path.
and today what we face is nothing but Allah's wrath.
Let's unite once again,
under one flag,
and finish the plague,
which have come in our way of gain.
Oh! Allah let us once again be the only powerful majority,
And in our path remove every difficulty and stress.
